Omar Claret Ochoa
FULL STACK DEVELOPER

When I was a child, programming was just a game, HTML and CSS showed me the way.

Today, I am a programmer with a passion for innovation, skilled in HTML, CSS, JavaScript, React, React Native, Node and Express. Committed to continuous learning and teamwork, and creating effective solutions to complex problems.

Programming is an art and I am made of that subject.

EXPERIENCE

Full Stack Developer

Agencia DADO, Nov 2021 - Jan 2023, Cancun.

- I designed and developed responsive corporate websites for a variety of clients using front-end technologies such as HTML, CSS, JavaScript, React or Angular.
- I improved the efficiency and speed of the websites by optimizing the code and reducing the loading time.
- I conducted quality testing and code debugging, ensuring that each website is fully functional before delivering it to the client.
- I worked collaboratively with graphic designers and other developers to ensure a high-quality user experience and visual design.
- I maintained and updated existing websites with new functionalities and features, ensuring they are compatible with the latest technologies and industry standards.

IT Specialist

Casherman, Jun 2021 - Nov 2021

- I Maintained hardware equipment, installed and uninstalled software, and configured AutoCAD, created electrical plans, load panels, and single-line diagrams
- I Created and maintained the company's website, utilizing HTML, CSS, and JavaScript for front-end design and development.
- I Collaborated with cross-functional teams to provide guidance on IT solutions, ensuring seamless integration with existing systems.
